Duplex Penthouse. Three bedrooms two bathrooms very modern kitchen living/dining room utility. Open terraces. Furnished. Pre-inst for air con hot/cold.

This apartment is one of the last to be built in the Pueblo of Javea. It is finished with modern, high quality materials and designed for low maintenance.

Doors are finished in white and floors are in laminated wood. There is an open de-lux kitchen, hydro-massage bath as well as another shower room. The apartment has a unique modern design and stands apart from other properties in the area.

This penthouse is strategically located and designed for comfortable living as well as an ideal place to work in the village of Javea. The property is only a few steps away from all services including; banks, supermarkets, schools, insurance offices, Town Hall, municipal offices, post office, bars and shopping area...

There are parking places available in the basement with storage areas, but these are not included in the price but can be purchased separately. If you are looking for a new build at an unbeatable price with high quality finish and many features you will not find elsewhere, this is the obvious choice.
